SEARCHING FOR INFORMATION ON THE COST OF CAR INSURANCE

It is against the law to drive your car without insurance. Car insurance prices vary widely depending on one's age (younger = more expensive!), other personal factors such as gender, and the car itself. It also varies with the types and amounts of coverage. Please see above section for recommended types and amounts of insurance coverage to buy.

I. **Online search engine for insurance** lets you quickly and conveniently compare the costs of the policies of many insurance companies. In case you do not have a Social Security number, you’ll want to ask if an insurance company will let you purchase auto insurance without one.

http://www.insweb.com -- Quicken / Insweb (top-rated by Consumer Reports for accuracy and content, gives individually-customized estimates for most companies).

II. To find **local insurance companies**, Google for “car insurance ann arbor mi”. You can call and ask for a quote on the cost of car insurance. You will need to specify the types and amounts of coverage you want (see above), and to give your age and other personal information, as well as the make, model and year of the car you wish to insure – example: Toyota Corolla, 2010.

III. **Ask fellow students for their recommendations**
