Mandatory Immigration Check-in for Scholars

All incoming non-student exchange visitors with DS-2019s issued by the University of Michigan must complete the following mandatory check-in process before their J-1 status can be officially activated in the SEVIS government database. If the exchange visitor’s DS-2019 is not issued by the University of Michigan, the EV should contact his or her sponsor. Exchange Visitors who have been issued student DS-2019s should review the mandatory check-in information listed under mandatory check-in for students instead.

Mandatory Check-In for non-student exchange visitors is a three part process. Failure to complete all three parts of the mandatory check-in process will result in a loss of immigration status. The parts include:

1. Pre-arrival online training
2. Post-arrival online training
3. Physical presence check-in (Tuesdays 3:30-4:30pm; Thursdays 10-11am)

In addition, part two and part three must be completed within five business days of the exchange visitor’s arrival in the United States.

**Part Three: Physical Presence Check-In**

Exchange Visitors should follow these steps to complete the physical presence check-in.

1. **Make photocopies** of the required immigration documents (see list below.)
2. The Post-Arrival Online Training should be completed at least one day before visiting the International Center. For example, if you are schedule to attend the IC on Tuesday, be sure to complete the online training on Monday (or earlier).
3. Call the International Center to make an appointment for mandatory check-in **(Check-ins are held Tuesdays 3:30-4:30pm and Thursdays 10-11am).** If you are asked to leave a voice mail, please include your UMID.
