Advising Hours for International Students and Scholars

The Student Activities Building (SAB) and the International Center (IC) are closed to the public until further notice, based on the governor’s “stay at home” order. However, the International Student and Scholar Services (ISSS) staff will continue to work remotely to provide advising and process requests. Please email icenter@umich.edu[1] for any immigration related questions, advising, or appointment requests. An advisor will respond and can arrange a phone appointment if necessary. Please note that our email traffic has increased significantly and as a result of receiving a high volume of emails we urge you to refrain from sending multiple emails with the same question, as this only slows down our response times. For more information, please see COVID-19 Update: International Student and Scholar Advising[2].
