The International Center will soon start using TeamDynamix to handle incoming email. **There will be no change to the email addresses you can use to reach the International Center.** What will change is the appearance of the reply you will receive.

**To reach the International Center:** If you have a question for the International Center, continue to email [icenter@umich.edu](mailto:icenter@umich.edu) [1] for general questions or to reach an International Student/Scholar Advisor, or email [ihi@umich.edu](mailto:ihi@umich.edu) [2] if you have questions about health insurance.

**When the International Center replies:** The reply will come from **U-M TeamDynamix** <[teamdynamix@umich.edu](mailto:teamdynamix@umich.edu) [3]> and the subject line will include “The International Center has received your email.” If you have additional questions, you can simply reply to that email.
