

Prescription Drugs

- Prescription drugs are covered at 90%. If you purchase the medication at University Health Services (UHS) or any other Aetna Pharmacy Management participating pharmacy, you will only be required to pay 10% at the time you buy your medication.
- Simply show your current insurance card or certificate to the pharmacist and they will bill Aetna directly, asking you only for 10 percent of the cost.
- You can save money by buying medication from a pharmacy in the Aetna network. You can find those pharmacies by clicking [here](#) [1].
- Prescription drug claim forms are available [online](#) [2]. You will need to complete the form, include a copy of your receipt and the information about your prescription, and mail it to Aetna Pharmacy Management. If you're not able to a pharmacy in the Aetna network, then you may need to pay first and request to be reimbursed by Aetna directly. Forms to do that are [here](#) [3].
