Photo Contest

The University of Michigan International Center photo contest is open to international students, scholars, faculty & staff affiliated with the University of Michigan-Ann Arbor. The top 10 photographs will be used for the International Center’s website, social media, digital signage, or future event promotion material.

The International Center is looking for photographs that capture the global engagement experience. Submitted photos should illustrate a theme of global engagement in the United States but outside the classroom setting. Some examples might include photos of cultural, social, or sporting events with a global theme or photos illustrating activities such as conversation groups, community service activities, etc., again with a global theme. Your creativity is welcome - just be sure that you can explain how your photo relates to the global engagement theme!
