2. Select the trip you need to cancel
3. Select 'Cancel Flight' button and follow the steps

Found Cheap Airfare? Avoid These Mistakes...

- Cheaper ≠ Better
- Avoid mixed carrier tickets
 - [Guide to Airline Alliances](#) (alliances are not considered mixed carriers)
- Be wary of booking through a third-party site
- DIRECT ≠ NONSTOP
- Look closely at TOTAL travel time and itinerary
- Layovers
 - Make sure you have enough time to make connecting flights
 - At least 2 hours is recommended
 - The cheapest flights can have very long layovers
 - Look up layout of connecting airport
 - Factor in time for immigration/customs for certain airports

Avoiding Mistakes, continued...

- Research additional fees
 - Examples: baggage costs, seat selection, flight insurance, cost of checking in/checking luggage online vs. at the airport
- Only book your flight AFTER final program plans have been determined
- Consider bringing a credit/debit card with you that has no foreign transaction fees, in case of unexpected purchases
- Pack an extra set of clothes in carry-on in case of delays or lost luggage
 - Consider getting an AirTag for checked bags
- Check to see what food options will be on flight
- Make sure name and passport info are correct
