Distinguishing Taxes

2020
Federal Taxes vs. State Taxes

► Federal Taxes
  ▪ due to the Internal Revenue Service; authority = Internal Revenue Code
  ▪ based on income
  ▪ taxpayer can be individuals, businesses, or other legal entities
  ▪ no federal sales and/or use tax

► State Taxes
  ▪ due to a state’s revenue department; Michigan = Department of Treasury
  ▪ Michigan authority = Michigan Compiled Laws (MCL)
  ▪ can be based on income, business activity, property ownership, or government services
  ▪ taxpayer can be individuals, businesses, or other legal entities
Individual Income Tax vs. Business Taxes

► Individual Income Tax
  ▪ all forms of earnings make up your personal annual taxable income
  ▪ e.g.: employment earnings, business income, capital gains
  ▪ individuals responsible for tax

► Business Taxes
  ▪ primarily based on business activity, business status, or business income
  ▪ business entity responsible for tax
  ▪ owners, officers, partners, etc. can be held personally liable

► Tax liability cannot be contracted away to service providers.
Individual Tax Requirements

- **Federal** income tax laws, rules, forms, etc. are separate and distinct from each state’s income tax laws, rules and forms.

- **State** income tax returns are built from federal income tax return information.

- Complete the federal tax return before the applicable state tax return.
