Distinguishing Taxes
Tax Year 2021
Federal Taxes vs. State Taxes

► Federal Taxes
  - due to the Internal Revenue Service; authority = Internal Revenue Code
  - based on income
  - taxpayer can be individuals, businesses, or other legal entities
  - no federal sales and/or use tax

► State Taxes
  - due to a state’s revenue department; Michigan = Department of Treasury
  - Michigan authority = Michigan Compiled Laws (MCL)
  - can be based on income, business activity, property ownership, or government services
  - taxpayer can be individuals, businesses, or other legal entities
Individual Income Tax vs. Business Taxes

**Individual Income Tax**
- all forms of earnings make up your personal annual taxable income
- e.g.: employment earnings, business income, capital gains
- individuals responsible for tax

**Business Taxes**
- primarily based on business activity, business status, or business income
- business entity responsible for tax
- owners, officers, partners, etc. can be held personally liable
Individual Tax Requirements

► **Federal** income tax laws, rules, forms, etc. are separate and distinct from each state’s income tax laws, rules and forms.

► **State** income tax returns are built from federal income tax return information.
