About the International Center

The International Center (IC) within the Division of Student Life provides a wide range of services to support the international community on the Ann Arbor campus and beyond. The IC works with academic departments and administrative units at U-M and Michigan Medicine on immigration related matters and engages the international population through cultural, social, and educational programming.

Immigration Advising, Casework, and Compliance: The IC works with international students, scholars, faculty, staff, and dependents in several nonimmigrant visa categories. The IC provides immigration advising services for these individuals, ensures institutional compliance with federal regulations, and files employment-based petitions with the federal government for employees on all U-M campuses including U-M Flint and Dearborn.

Programmatic Initiatives: The IC's Global Engagement and Education Abroad (GEEA) team hosts various programs and activities to engage the international population. Signature events include extensive orientation activities, the Intercultural Leadership Seminar, Lunch & Learn events, 60 Minutes Around the Globe, and more. In partnership with the University Career Center, the IC also offers career focused programming and coaching to international students.

Education Abroad: The GEEA team also advises and offers workshops for students interested in education abroad, promotes and provides recruitment activities for the Peace Corps, and manages the Peace Corps Prep Program.

Health Insurance: The IC's health insurance team administers U-M's mandatory health insurance program for international students and scholars. They also assist students and scholars who have questions about health insurance procedures and claims.

Advocacy: The IC's International Student Advocate focuses on health and well-being initiatives, engages with international students facing personal challenges, and coordinates the IC's emergency fund and retention scholarships.

Grants, Scholarships, and Emergency Funding

The International Center (IC) administers student-focused grant programs that advance global engagement and provide essential safety nets. Donor contributions directly enrich campus life through intercultural initiatives and student organizations. In times of crisis, these funds deliver relief for unforeseen financial hardships, covering urgent living and medical expenses for international students. Additionally, donor support offsets the significant costs of studying, researching, or working overseas—helping cover program fees, housing, and travel. Through these targeted resources, the IC ensures financial barriers never stand in the way of a transformative global education.

Learn more about giving opportunities at: **https://internationalcenter.umich.edu/giving**

Donor-Funded Retention Scholarships

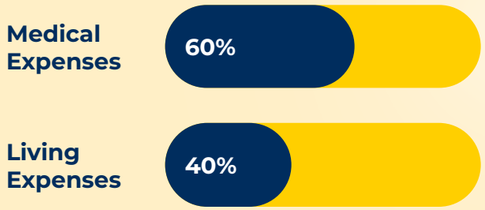

Donor-Funded Retention Scholarships, which include the **S&S Scholarship Fund** for international students and the **AE Scholarship Fund** for undergraduate international students, enabled eligible students facing difficult financial hardship to continue their studies.

"I carry with me not only my own ambitions, but also the hopes and dreams of my family, my community, and those who have supported me along the way. [This scholarship] plays a meaningful role in helping me honor that responsibility and continue striving toward my goals."

"[This scholarship] not only supports my education but also motivates me to work harder and give back to my community in the future."

IC Emergency Fund

The **IC Emergency Fund** provides crucial support to international students who encountered unexpected financial needs. Approximately 60% of disbursed funds covered medical expenses and 40% supported living costs.

"[The emergency funding] support gave me the time and stability I needed to recover, continue my education, and move forward academically."

IC Grant Fund

The **IC Grant Fund** supports student organizations and university departments in recognizing U-M's diverse international student population. Funding was utilized for events and programs that elevated international student voices, provided support, or addressed specific interests within the international community.

Mark and Myra Sorensen International Travel Scholarship

The **Mark and Myra Sorensen International Travel Scholarship** supports travel expenses for students participating in study, internship, volunteer, or research programs abroad with preference given to first-time travelers and those with financial need.

"With the support of the Mark and Myra Sorensen International Scholarship, I had the opportunity to study abroad in Shanghai, China. After studying Mandarin since I was five, I never imagined I would have the chance to visit China."

-Mallory Shreve, LSA

"Over the summer, I had the amazing opportunity to study graphic design in Copenhagen. Experiencing firsthand what it feels like to extend my understanding past myself in a brand new country would never have been possible without the Mark and Myra Sorensen Scholarship."

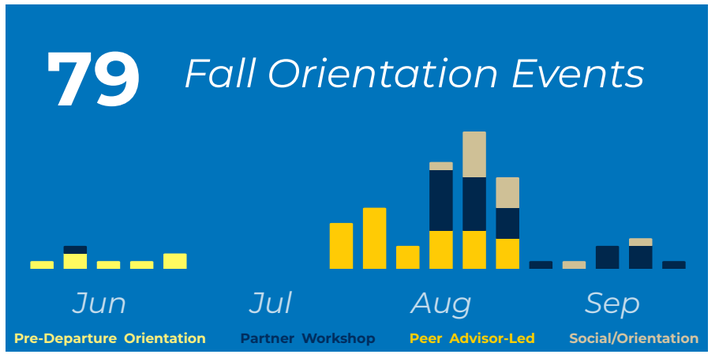

-Anasti Her, Art & Design

Programming

Exploring Southeastern Michigan

Each academic year, the International Center hosts trips across Southeastern Michigan to introduce our international community to local sites and culture—especially spots difficult to reach by public transit. Fall excursions include Detroit's Eastern Market, a local cider mill, and Troy's Somerset Mall, while Winter features a return to Somerset Mall and a day trip to Downtown Detroit.

Support for International Families

The International Center helps F-2 and J-2 family members transition into the U-M community, kicking off each Fall with an International Spouses/Partners Event Series focused on adjusting to life in Ann Arbor. Every Fall and Winter, the IC also co-hosts a New Families Welcome Dinner alongside the Center for the Education of Women+, Graduate and Family Housing, and other campus partners. Throughout the year, family members are invited to join many regular IC programs, as well as family-friendly outings to the U-M Museum of Art, the Creature Conservancy, and the Ann Arbor District Library.

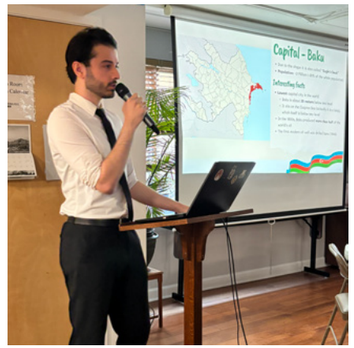

MEAL @ Michigan

Each Fall and Winter term, about 40 international students are matched with U-M faculty and staff to share an informal dinner at their hosts' homes. These meals offer unique insight into American life and spark genuine cross-cultural conversations. Many connections made over MEAL @ Michigan last well beyond the evening!

Soccer with the IC

Every month, international students and scholars join our friendly soccer matches, forming a fun, active community group on campus. Soccer, a popular international sport, naturally brings people together from a variety of backgrounds. These games are a lively way to connect, share cultures, and build friendships outside the classroom.

60 Minutes Around the Globe

The IC's monthly 60 Minutes Around the Globe series celebrates U-M's international community through engaging cultural presentations . The program enriches campus life by fostering intercultural understanding and community building year-round. Recent spotlights have featured Tajikistan, Myanmar, Venezuela, Azerbaijan, Haiti, Indonesia, Colombia, and Kazakhstan.

International Center Student Council

The International Center Student Council (ICSC) brings together globally minded undergraduate and graduate students to identify and address issues affecting students. Open to both international and U.S. students, the ICSC provides a direct student link to the International Center, fosters collaboration, and helps shape a campus environment that supports personal and professional growth.

- Taste of Culture: Eid al Fitr Dinner

Photo Contest

The International Center's annual photo contest celebrates the global experiences and diverse perspectives of the university's international community. Open to current international students and scholars, the contest invites participants to share original photographs that capture meaningful moments from their lives at U-M, in the U.S., or in their home countries.

INTERNATIONAL STUDENTS

STUDENT VOICES

“Being an international student at Michigan has meant learning how to make a new place feel like home. It has pushed me to become more independent, step outside of my comfort zone, and meet people from so many different backgrounds. I’m really grateful for the friendships, experiences, and opportunities I’ve had here.”

Paula Galván Vega
Economics BA
Monterrey, Mexico

“The International Center has meant having people around me who are kind, understanding, and supportive. Being part of the International Center has also helped me become more confident in working with people, sharing what I know, and supporting other international students. It has shown me how much having supportive people around you can help you feel prepared and more comfortable in a new place.”

Gaukhar Zhubanova
Educational Studies MA
Atyrau, Kazakhstan

“Being an international student at the University of Michigan has meant more to me than I ever imagined. It has felt like living inside a global melting pot, a place where I’ve experienced different cultures without ever boarding a plane. Every conversation, every collaboration, every shared meal with other international students has been an immersive journey across borders.”

Collins Izuchukwu Chimezie
Chemical Biology PhD
Mbaise, Nigeria

“The International Center has made Michigan feel smaller and more connected. Through its programs, including football (soccer), I’ve made friends from around the world and learned that bringing international students together is easy; getting us to agree on which country plays the best football is much harder.”

Laston Manja
Economics PhD
Blantyre, Malawi

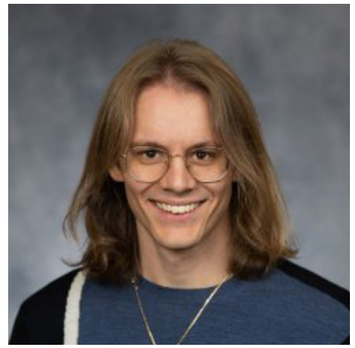

“Being an international student at Michigan has meant stepping outside my comfort zone and discovering new perspectives, both personally and professionally. Moving to a new country has taught me to embrace unfamiliar experiences, become more independent, and build meaningful connections with people from different cultures and backgrounds. Michigan has given me opportunities not only to grow academically but also to discover more about myself and the kind of person I want to become.”

Bhuvaneshwari Yadav Killadi
Mechanical Engineering MS
Visakhapatnam, India

“The International Center provided occasions to meet and gather with other international students, where we could share with each other tips and experiences about living abroad, and discovering more about different cultures and countries of origin.”

Riccardo Franchi
Physics PhD
Albenga, Italy

IIE Open Doors 2025 based on data from 2024-2025 [2]
Source: https://opendoorsdata.org/data/international-scholars/

[1] *H-1B total counts do not include active employees who were also in the U-M Third Week Count enrollment snapshot.*

[2] *IIE defines a "Scholar" as individuals "on nonimmigrant visas engaged in temporary academic activities and not enrolled as a student." As a result, some employees/scholars counted in the IC Annual Report from the same time period are not counted in the IIE Open Doors Scholar report. IIE did not publish scholar data for 2026.*

[1] Due to changes in historical reporting and record keeping, groups included in campus affiliation counts vary by year. For the years 2017-2018, counts include J-1 scholars without U-M job appointments only.

[2] For the year 2021, the count includes employees only (including J-1 scholars with job appointments but excluding J-1 scholars without job appointments). Counts for the remaining years (2019, 2020, and 2022-2026) include both employees and scholars.

Methods & Definitions

The data in this report were compiled using a combination of sources including official U-M enrollment data, internal International Center records, and data from the U.S. Department of Homeland Security's Student and Exchange Visitor Information System (SEVIS).

To maintain consistency from year to year, the following methods and definitions are used for this report:

International Students are defined as students enrolled on the Ann Arbor campus for the reporting term based on the official U-M Third Week Count enrollment snapshot from M-Pathways who, at the time of the snapshot, had a citizenship status of non-resident. This includes students whose status in the United States is sponsored by the university (e.g. F-1 and J-1) as well as enrolled students in other non-student specific statuses (e.g. F-2, J-2, H-4, TN, H-1B, etc). Students who were listed as undocumented, U.S. permanent residents (including students pending permanent residency), and U.S. citizens are not considered "international students" for this report.

OPT Students are defined as F-1 students sponsored by U-M who had Active SEVIS status as of November 1 of the reporting year and who held an OPT status of Requested, Pending, or Approved for either Post-completion OPT or the STEM extension. Students are included if their OPT period begins on or before, or ends on or after, November 1. Most of these students are U-M graduates/alumni. Some may have completed course requirements and may still be completing thesis or dissertation requirements. In the event an OPT student was also enrolled in classes for the corresponding reporting term, they were included with the student count and not the OPT count. J-1 students with approved Academic Training who were not enrolled in classes during the reporting term are also included in the OPT count.

OPT (Optional Practical Training) is a benefit of F-1 status that provides employment authorization for students/graduates to gain practical experience in their field of study. Most F-1 students who complete a U-M program are eligible for one year of Post-completion OPT. Students who complete certain STEM programs as designated by the U.S. Department of Homeland Security are eligible to apply for a 24-month extension of OPT, known as STEM extension or STEM OPT. Academic Training is similar benefit available to J-1 students. The IC is responsible for continued record keeping, reporting, and compliance for students on OPT/Academic Training and likewise continues to provide them with advising services.

International Employees are defined as individuals who, as of November 1 of the year indicated, had active and regular (i.e. non-temporary) job appointments on the Ann Arbor campus and a citizenship status of non-resident. F-1 OPT employees were counted as such only if the employee's underlying visa status was not sponsored by U-M. OPT employees are most likely recent graduates of other U.S. institutions. Employees counted with a visa type of "Other" include those with a status of TN, E-3, and O-1. In the event an employee was included in the U-M Third Week Count enrollment snapshot, they were included with the student count and not the employee count.

Prior to 2026, employees whose visa/permit entry in the relevant data set showed an expiration date prior to November 1 of the reporting year were excluded from the International Employee count, omitting some staff working under automatic extensions while USCIS petitions were pending. Starting in 2026, those working under automatic extensions are included in the International Employee count.

Scholars are defined as U-M sponsored J-1 Exchange Visitors in the Research Scholar, Short-Term Scholar, or Professor categories. These Exchange Visitors were included in the count of scholars if their SEVIS status was Active as of November 1 of the year indicated and they did not also hold active job appointments as of that date (J-1 scholars with active job appointments were instead counted as Employees). In the event a scholar was also enrolled in classes for the corresponding reporting term, they were included with the student count and not the scholar count.

Dependents are defined as spouses and children (under the age of 21) of international students, OPT students, and scholars who, as of November 1, had active dependent status (F-2 or J-2) in the SEVIS system. Employee dependents, except for J-1 employees, are not counted.

Campus Affiliation determination varies by group. For students, this is determined based on the academic group of the student's priority program as identified in the Third Week Count snapshot from M-Pathways. For scholars, campus affiliation is determined by the host department or site of activity name provided to the IC during the initial J-1 scholar request. For employees, campus affiliation is determined by the appointment department group of the employee's job with the highest FTE.

Education Abroad

Statistics for participation in education abroad at U-M are compiled by the Office of the Provost. Current and available historical data can be found on the Global Michigan website at https://global.umich.edu/about/publications/.

Questions about education abroad data may be directed to *Dr. Amy Carey*, Assistant Vice Provost for International Engagement.

End Note

This report was created by David Cole, SEVIS Coordinator, with assistance from Tyler Morkin, International Student & Scholar Advisor. Please contact Dr. Judith Pennywell, Director, Louise Baldwin, Senior Associate Director, or David Cole, SEVIS Coordinator, regarding any questions concerning this report.

November 2026
